Dear Chairman Powell.

I worked in the telecommunications industry for many years and have seen what an impact it has on the economy. Telecommunications plays a vital role to the economy in good times and in bad.

I have been following the different phases of Qwest's attempts to enter our state's long distance market. I'm hopeful to see a change in the long distance business as soon as possible. I realize that many steps have *to* be taken, but in my opinion the sooner the better.

Unfortunately, real choice for consumers seems to be coming later rather than sooner. Phonr customers in other states are saving money by being able to pick from all long distance providers. When will we have that chance here in South Dakota'?

Hopefully **we** will experience the benefits of Qwest's long distance services soon. I urge you to join me in supporting real long distance competition.

Sincerely,
